[illegible]

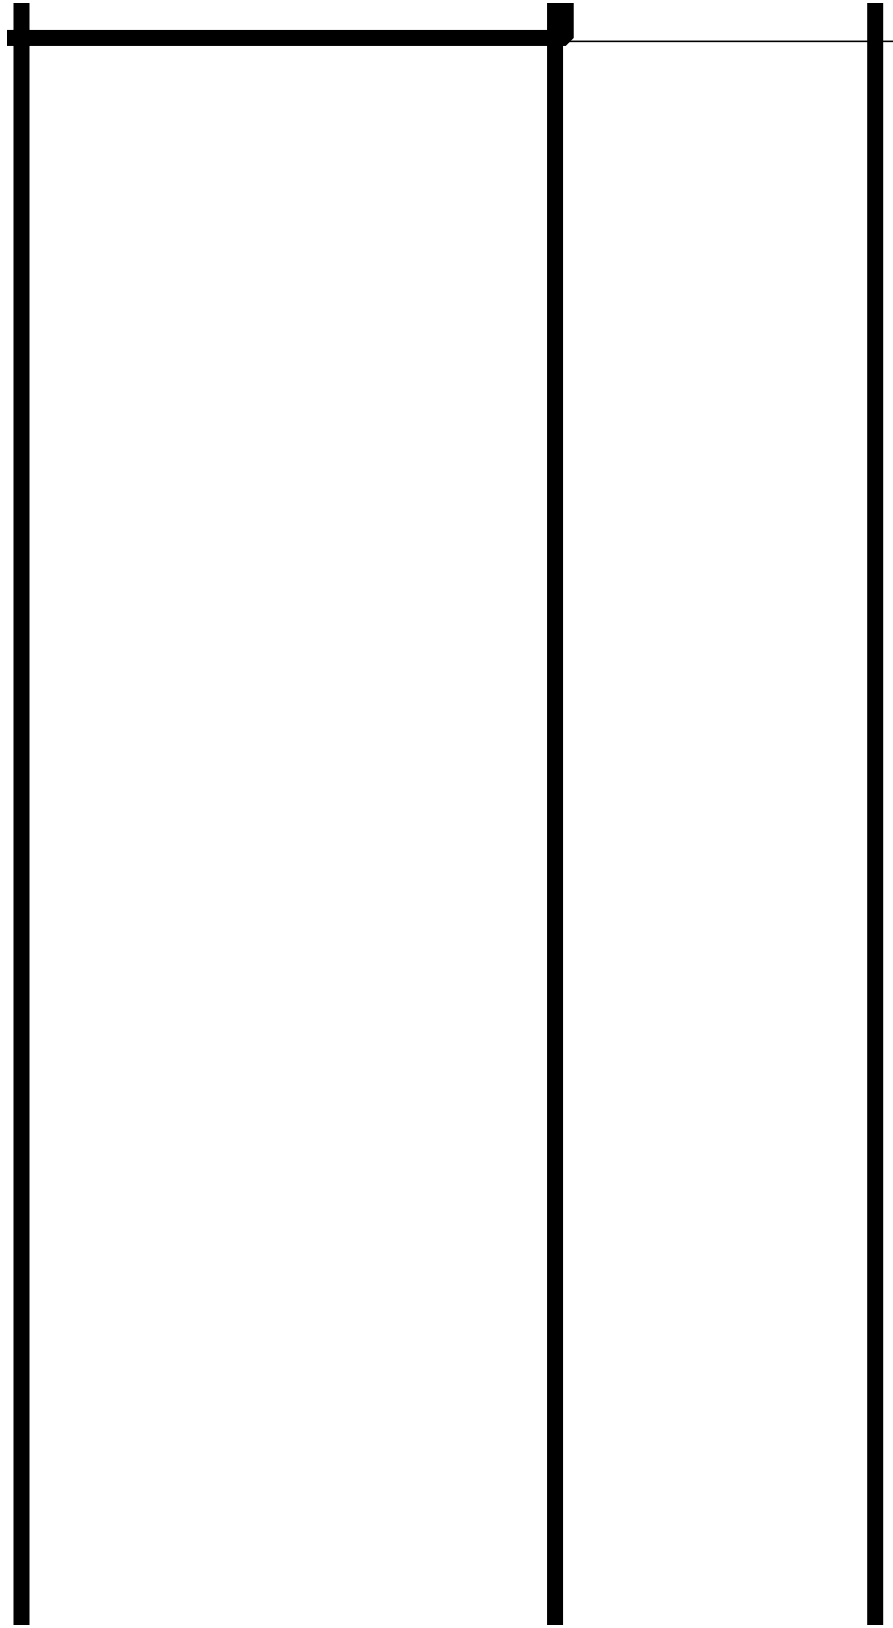

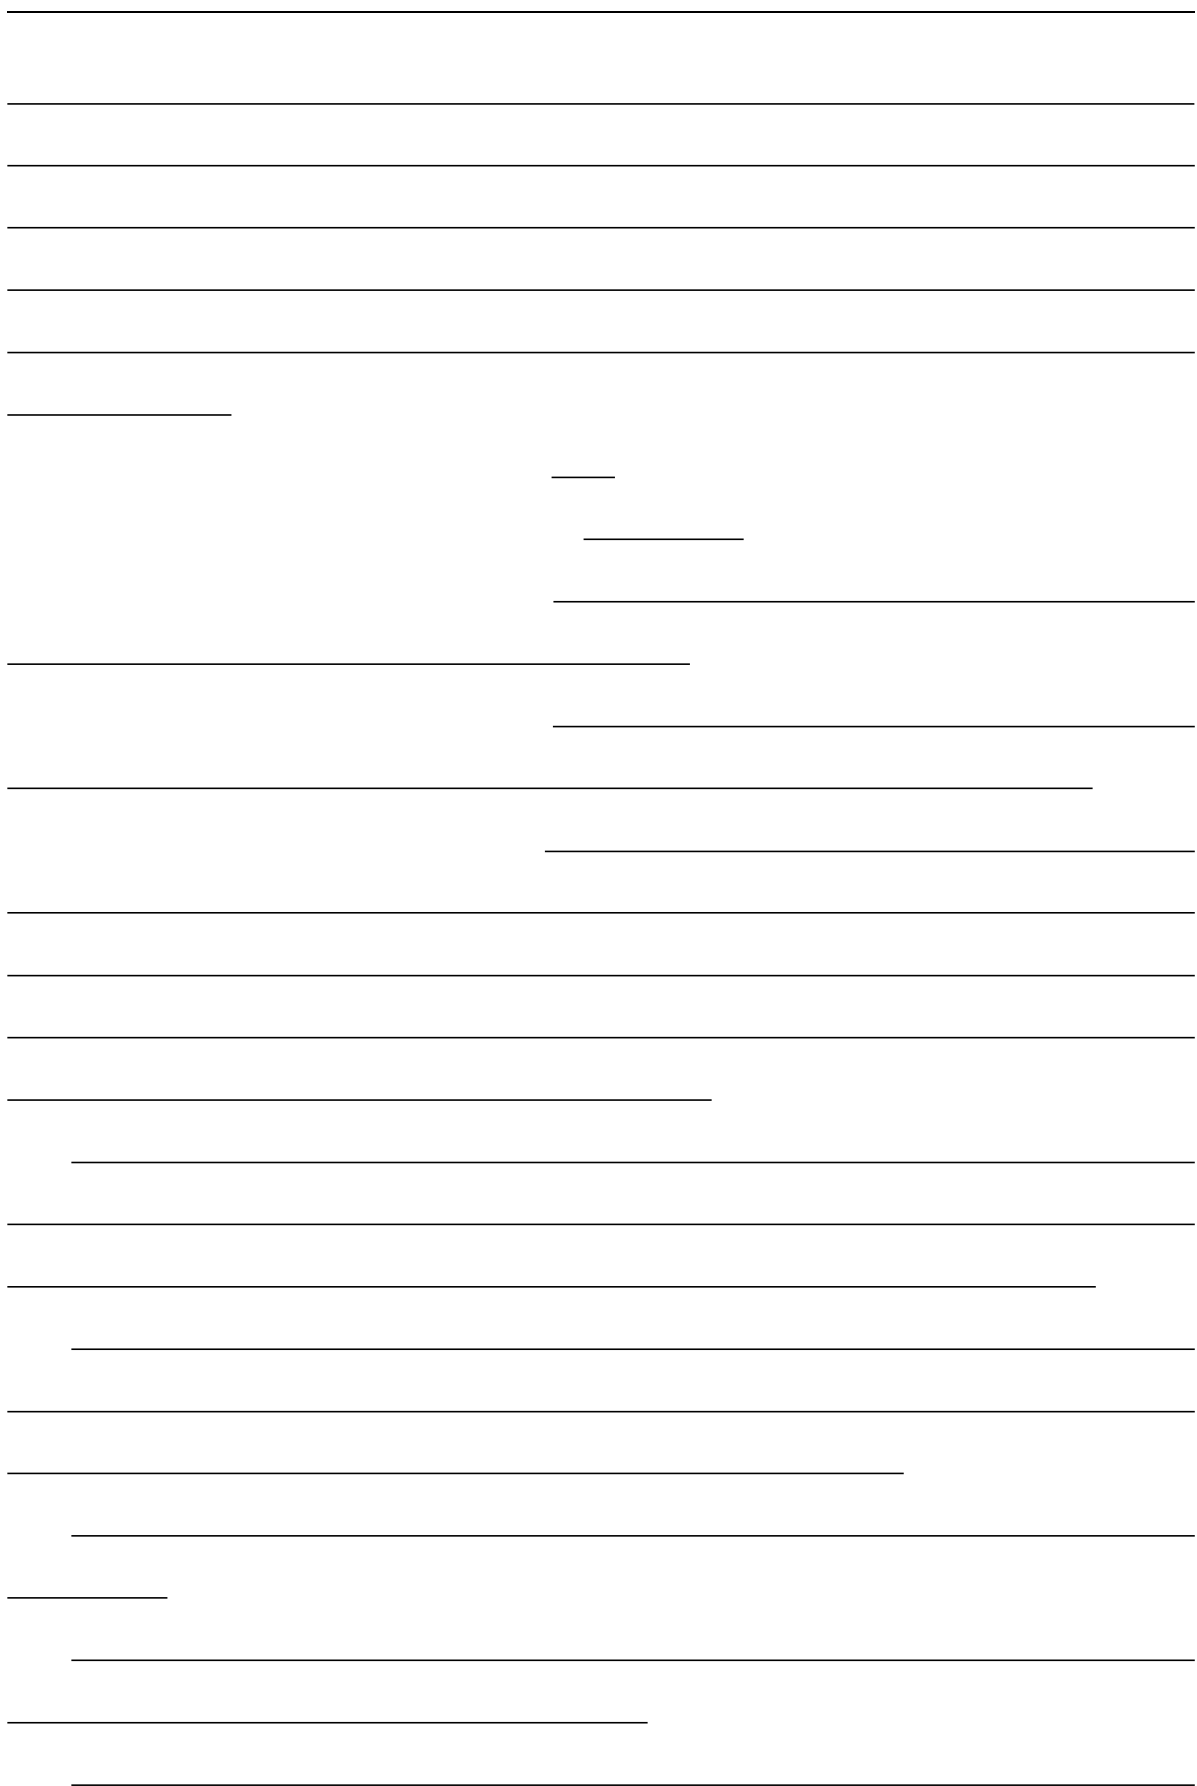

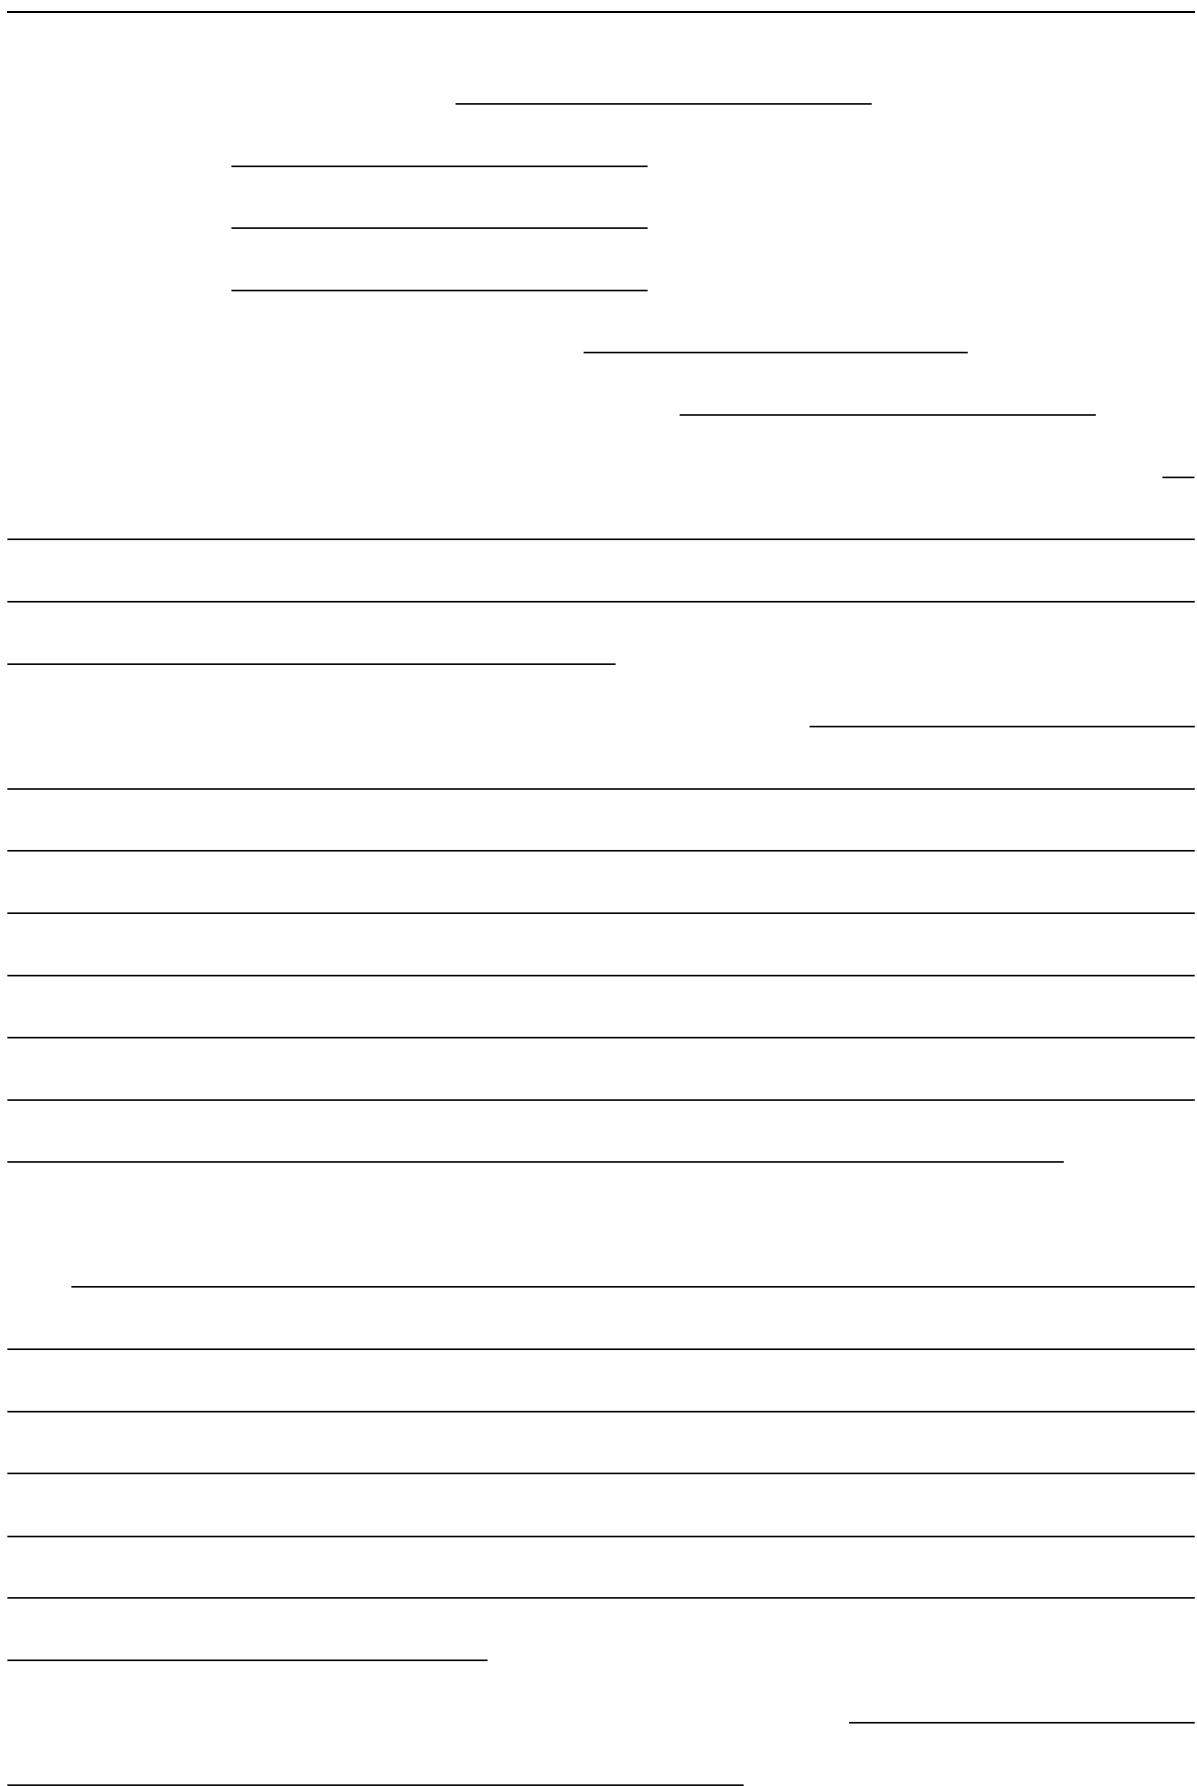

Diagram illustrating the relative lengths of five horizontal lines, labeled 1 through 5, starting from the left margin:

- Line 1: Longest line
- Line 2: Second longest line
- Line 3: Third longest line
- Line 4: Fourth longest line
- Line 5: Shortest line

The diagram consists of a vertical line on the left side. At the top of this vertical line, there is a short horizontal line segment. Below this, there are several more horizontal line segments of varying lengths, stacked vertically. These segments appear to be connected to the vertical line, suggesting a hierarchical or sequential structure.

7

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and extend across the width of the page. There are no margins, text, or other markings on the paper.
